nanda tiles

Marrakesh

Due to its artisanal manufacture, this product will present variations in caliber, flatness, straightness, texture, design and shade. These special variations give the product unique characteristics and a personality all its own. Most of the glazes are special, saturated glazes that will eventually produce a beautiful and intentional crackle. This is inherent to the tile and part of its charm. This product is most beautifully installed dry-stacked, however, can be grouted. When installing in a wet area, a waterproof membrane is required prior to installation, and grouting and sealing will be necessary. We recommend using a grout color which matches or is slightly darker than the tile color.

MARRAKESH - Tantan Beige - 6,2x20,2 cm / 2 1/2"x 8"

MARRAKESH - Sidi Salt - 6,2x20,2 cm / 2 1/2"x 8"

MARRAKESH - Sahara White - 6,2x20,2 cm / 2 1/2"x 8"
