"...In the project 0812 we applied Pietra Serena Collection, Rigato finish in Ivory and 30x60 format; wich perfectly combines the needs of haptic and further expansion fon exterior areas with our aesthetical demand of creating a continuous monochromatic space."

*"...En el proyecto 0812 aplicamos la colección Pietra Serena, en acabado rigatoy color ivory de formato 30x60, que combina de manera perfecta las necesidades de háptica y dilatación posterior en el exterior, en la zona de la piscina, con nuestra exigencia estética de crear un espacio monocromo continuo."*

lAnd PROJECTS

"..We work often with front sea locations, requiring, therefore, a selective choice of materials which must have the capacity to resist all forces and influences of its environment. Porcelain combines resistance with great possibilities of architectonical application and its longevity."
*Jochen Lendle.*

"...trabajamos mucho en lugares en primera línea de mar, lo que requiere una elección de materiales muy selectiva, por la necesidad y capacidad de resistencia contra todas las fuerzas e influencias del ambiente. El porcelánico combina resistencia con grandes posibilidades de aplicación arquitectónica y su macrobiosis."

**1st BUILDING** in **COLOMBIA** which has achieved the **LEED GOLD CERTIFICATION**
**1er EDIFICIO** con **CERTIFICACIÓN LEED** categoría **ORO** en COLOMBIA.

**The buildings' design complies with the established requirements of the Golden LEED Certification, which is awarded by the U.S. Green Building Council. These requirements follow a set of rules regarding the use of strategies which lead towards the development of sustainable buildings. The project contains areas dedicated to different sort of activities such as sports, children animation and business; all of which are part of the socially responsible program of Colsubsidio.**

Su diseño del edificio cumple con los parámetros establecidos por la Certificación LEED Categoría Oro, que entrega el Consejo de la Construcción Verde de Estados Unidos (U. S. Green Building Council), un conjunto de normas sobre la utilización de estrategias encaminadas a la sostenibilidad en edificios. Tiene una gran oferta de espacios para el deporte, actividades para niños y centro empresarial. El proyecto hace parte del programa de responsabilidad social de Colsubsidio.

**"… Land Porcelanico was chosen for the Cube Project in order to respond to a corporate image through the quality of the product which guarantees its long-term maintenance and, at the same time, enabled us to work with cost-benefit evaluations within the project. On the other hand, the variety of textures, finishes, colours and formats…"**
