La colección Sakhir simula la piedra Pórfido, de porte fuerte pero llevada a su lado más sensible. En su fondo granulado, con variaciones tonales, surcan ligeras vetas direccionales que potencian su acabado rocoso.

Su textura lo lleva a cubrir espacios más allá de exteriores, y su neutralidad le da grandes posibilidades para la creación de escenarios atemporales de gran personalidad.

The Sakhir collection simulates the Porphyry stone, with a strong appearance but taken to its most sensitive side. With tonal variations, light directional veins furrow the granulated background to enhance its rocky finish.

Its texture makes it suitable to cover all type of spaces, not only exteriors. And its neutrality gives great possibilities for the creation of timeless settings of great personality.
